Bopita bed systems

Bopita **sleep & store**

Our Bopita bed systems: Combiflex, Fjord & Nordic!

Bopita has 3 different bed systems for kids: Combiflex, Fjord and Nordic. The collections consists of several beds which are convertible. Each one starts with the 'basic bed', a teenager bed 90x200 cm, which can be transformed (by using extra tiles) into a benchbed, half high sleeper, high sleeper, high sleeper XL with writing table top or even a bunkbed! Innovative bed systems; for now and for the future.

Combine the bed of your choice with our storage options; like the wide range of cabinets (from small to large, with or without wheels, with doorpanels or drawers), writing desks and all kind of accessories to complete your bedroom!

In this brochure you'll find all the possibilities and combinations of Bopita bedsystems:
